**INTEROFFICE COMMUNICATION**

---

February 13, 2003

TO: Deborah Wieber, Chief  
Office of Personnel Services

FROM: Steven E. Chester, Director

SUBJECT: Department Organizational Changes

Please implement the following organizational changes to be effective beginning February 16, 2003.

- 1) Make the necessary personnel coding changes and organization chart modifications to move the Hazardous Waste Corrective Action Unit, established within the Remediation and Redevelopment Program Support Section of the Remediation and Redevelopment Division (RRD) as a result of the recent department reorganization, from the RRD to the Hazardous Waste and Radiological Protection Section of the Waste and Hazardous Materials Division (WHMD).
- 2) Make the personnel coding, budget, organizational chart, and any other changes necessary to assign the toxicologists positions to the divisions as indicated below. In order to promote intercommunication between the toxicologists, they will remain located in their current offices on First Floor North, Constitution Hall.
  - A) Catherine Simon, and all staff reporting to Ms. Simon, will report to Barbara Rosenbaum, Air Quality Evaluation Section, Air Quality Division (AQD).
  - B) Christine Flaga, and the following staff reporting to Ms. Flaga, Sara Hession, Jeff Crum, and Rochelle Inglis, will report to Andrew Hogarth, Assistant Division Chief, RRD.
  - C) Dennis Bush, and all staff reporting to Mr. Bush, will report to Diana Klemans, Surface Water Quality Assessment Section, Water Division (WD).
  - D) Deborah McKenzie-Taylor and Amy Merricle will report to Dee Montgomery, Corrective Action Unit, Hazardous Waste and Radiological Protection Section, WHMD.

Thank you for your assistance in this matter.
