

MICHIGAN DEPARTMENT OF ENVIRONMENTAL QUALITY

INTEROFFICE COMMUNICATION

February 13, 2003

TO: DEQ Division and Office Chiefs
FROM: Steven E. Chester, Director
SUBJECT: Department Organizational Changes

Thank you for your recent input and suggestions regarding organizational changes to remedy problems created by the September 2002 department restructuring.

I have decided to proceed with the changes as provided in the attached memorandum effective February 16, 2003. All other suggestions are still under review. A few more changes may be made in the near term, and some suggestions will be reevaluated in the future for long-term implementation. We will continue to include you in discussions on these items as we consider them for implementation.

Please evaluate the effect of the current changes and provide feedback to me and Ms. JoAnn Merrick, Acting Executive Assistant.

Thank you for your assistance in this matter.
